

Lifestyle® expansion

Bose® link AL8 wireless homewide audio link

The easiest way to expand a Lifestyle® system. Wireless transmitter and receiver package delivers two independent audio streams from your system to a Bose link-enabled product in a second room. No room-to-room wiring required.

Compatible with:

- All Lifestyle® systems
-

Bose® link AR1 wireless audio receiver

Works with an AL8 wireless transmitter connected to your Lifestyle® system. Connect the AR1 receiver to a Bose link-enabled product for sound in the bedroom, on the patio, wherever you'd like. No room-to-room wiring required.

Compatible with:

- All Lifestyle® systems
-

Lifestyle® RoomMate® powered speaker system

A compact speaker system that brings the benefits of your Lifestyle® system to other rooms with plug-and-play simplicity. Comes with the Personal® music center II, our most advanced interactive controller.

- All Lifestyle® systems

Lifestyle® SA-2 amplifier

Extend the performance of your Lifestyle® system to an additional listening area, indoors or out. Bose® link compatible and designed to power our most popular speakers.

Compatible with:

- All Lifestyle® systems

Pricing and availability vary by country

Lifestyle® SA-3 amplifier

Enjoy more versatility when expanding your Lifestyle® system to another listening area, indoors or outside. Bose® link compatible. Recommended for speakers designed to fill larger spaces with sound.

Compatible with:

- All Lifestyle® systems
-

Personal® music center II

Complete, interactive control of your Lifestyle® 48 or 38 media center, or Lifestyle® V30, V20 or V10 system, plus most commonly attached components. Remote also accesses digitally stored CDs in uMusic®+ system. Slim, elegant design with backlit LCD screen.

Compatible with:

- Lifestyle® 48 and 38 DVD systems
 - Lifestyle® V30, V20, and V10 systems
-

Stands and brackets

UB-20 wall/ceiling bracket

High quality cast zinc bracket, designed to provide unobtrusive wall mounting for Bose® cube speakers. Bracket allows horizontal and vertical adjustment of speakers, so you can direct sound where you like. Sold as a single bracket.

Compatible with:

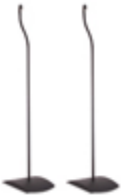

- All Lifestyle® systems; all 3•2•1® systems; all Acoustimass® speaker systems; all CineMate® systems
-

**UFS-20 universal floorstands**

Slender metal stands elegantly display your speakers while hiding the speaker wires. Designed to optimize listening. Height: 38" (96.5 cm). Sold as a pair.

Compatible with:

- All Lifestyle® systems; all 3•2•1® systems; all Acoustimass® speaker systems; all CineMate® systems
-

**UTS-20 universal table stand**

This cast aluminum stand allows elegant speaker placement anywhere there's a flat surface. A groove in the tubing conceals the speaker wire while providing quick, easy access. Height: 7" (17.8 cm). Sold as a single stand.

Compatible with:

- All Lifestyle® systems; all 3•2•1® systems; all Acoustimass® speaker systems; all CineMate® systems
-

Setup and installation

SL2 wireless surround link

This transmitter/receiver package produces rear speaker audio equivalent to a Bose® wired home entertainment system—with no wires running under floors or through walls. Features proprietary wireless transmission technology.

Compatible with:

- All Lifestyle® systems; Acoustimass® 10, 6 speaker systems (not AM 16, AM 5, AM 3)

Pricing and availability vary by country

Color: Black

Speaker wire adapter kit

Easily connect pre-installed speaker wiring (up to 14 gauge) to a Bose® home theater system. Kit includes 7' home theater speaker cable, speaker plate, cover plate, four mounting screws and instructions.

Compatible with:

- All Lifestyle® systems; all Acoustimass® speaker systems
-

Lifestyle® VS-2 video enhancer

Simplify integration of a Lifestyle® system with other video sources, including those with HDMI. The VS-2 video enhancer houses your video inputs and requires just one connection to the back of the TV.

Compatible with:

- All Lifestyle® systems (except Lifestyle® 35, 28 and 18 Series I systems)

Cables and cords

Monster® HDMI 1000HD Ultra-High Speed HDMI Cable

The Monster HDMI 1000HD Ultra-High Speed HDMI Cable delivers the ultimate 1080p experience from the largest HDTVs. Enjoy the sharpest picture, deepest color and smoothest video.

Compatible with:

- All Lifestyle® systems; all 3·2·1® systems

50' Bose® link B connection cable

Required cable for connecting a Wave® music system, 3·2·1® system (Series II and III) or 3·2·1 GS system (Series II and III) to a Lifestyle® system media center. Use to extend Lifestyle® system performance to an additional listening area.

Compatible with:

- All Lifestyle® systems

50' Bose® link extension/expansion cable

Optional 50' cable extends the distance between a Lifestyle® system media center and SA-2 or SA-3 amplifier. Bose link compatible to bring Lifestyle® system performance to an additional listening area.

Compatible with:

- All Lifestyle® systems

Monster® Power Blackout PowerCenter™ HDP 900

Protect your Bose® home theater system, HDTV and A/V equipment against damaging power surges with the Monster Power Blackout PowerCenter HDP 900.

Compatible with:

- All Lifestyle® systems; all 3·2·1® systems
